

As Transport Co-ordinator, I wanted to take this opportunity to provide an overview of the different transport options available from the surrounding area.

Regards, Michele Busby

Home to School Service (H2SS)

The Home to School Service (H2SS) is a service provided directly by the School which offers a door to door or local designated pick up point service. This route uses a school minibuss, a driver employed by the School and is invoiced through the fees account.

- H2SS Terrington offers pick-ups in Middleton, Terrington St Clement, Walpole Highway and West Walton.
 - H2SS Watlington offers pick-ups in Shouldham, West Winch, Watlington and Terrington St John.
 - H2SS Spalding offers pick-ups in Spalding, Holbeach and Long Sutton.
 - H2SS Whittlesey offers pick-ups in Thorney, Whittlesey, Coates, Eastrea & Benwick.
- H2SS designated pick-up points are shown on the map below with a different colour for each minibuss route.

Harrods

Harrods have provided two traditional bus routes along the A47 corridor from Hunstanton through Kings Lynn for many years, with bus stop pickups for pupils from Prep 3 upwards.

- Harrods bus stops shown on map below.

FACT

FACT (Fenland Association for Community Transport) have provided home to school minibuss services since 2014. FACT currently have routes from Downham Market and the surrounding area, March and Chatteris. FACT offer a door to door or local designated pick up point service. Due to the nature of this service, FACT are able to transport pupils from as young as Reception (age 4+).

- FACT pick-ups shown on map below, with a different colour for each minibuss route.

Late Bus

To enable pupils to attend after School activities, there is a specific late bus service to Kings Lynn and Downham Market departing at 1735 each day. This is run jointly between Harrods and H2SS.

The School bus services are continually under review to ensure that they cater to as many of our pupils needs as possible, so please contact us to discuss your specific individual situation.

There are factsheets available for each of the routes outlined above.

For further information or discussion please contact Michele Busby, the School Transport Co-ordinator, on 01945 586755 or transport@wisbechgrammar.com
