

## Welcome

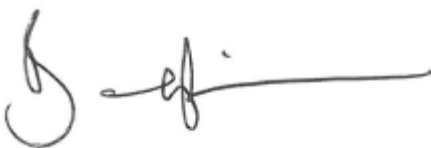

I am delighted that you are considering applying for the position of Teacher of History. This opportunity has arisen as one of our teachers is planning to retire at the end of this school year.

We are a successful, forward-thinking, co- educational independent school with a long tradition of developing and promoting individual talent and encouraging high aspirations within an environment of continuous improvement. Our history dates back to the 14th century, but we are also very much an innovative and forward-looking school that combines a strong focus on academic excellence with a rich co-curricular programme to enable our pupils to 'discover who they are' and unlock their potential in a school with a strong sense of community. The School continues to challenge itself on how we deliver our education services (recent years have seen the launch of a kindergarten, the establishment of a transport division, the opening of an international boarding house, and the deployment of iPads).

This is a fantastic opportunity for a teacher to join our History department. You will be able to grow and develop your portfolio of skills in a positive and supportive environment. As a small school there are always opportunities for cross department teaching, this role would also suit a candidate who can also teach Government and Politics, for example.

This role could be suitable for an early career teacher, and we would also be willing to consider applicants who are interested in a part time role of 0.7+ of a timetable.

If this role represents the type of opportunity and challenge which excites you, and you believe you have the necessary skills and experience to lead and work with an excellent team, then we would be pleased to receive your application and give it serious consideration.

Barnaby Rimmer  
Headmaster

## About the School and location

Wisbech Grammar School (WGS) is an independent, co-educational school located near the centre of the historic town of Wisbech in Cambridgeshire, on a green site of 44 acres beside the River Nene which runs through the town. The School offers a broad, high-quality education with excellent pastoral care for around 590 children aged 3-18. It is predominantly a day School but, in recent years, has started to take a limited number of boarders, mainly from the Far East.

The School is located on a single site with the Preparatory School and the Senior School sharing the same buildings and extensive playing fields. The Kindergarten was established in 2018.

The School is well-equipped with modern facilities for academic learning and co-curricular activities and it has an ambitious programme for continued renewal. Wisbech is a historic market town with a royal charter in north Cambridgeshire and it straddles the River Nene, roughly halfway between Peterborough and King's Lynn. The town has a population of just over 36,000 and there are good road links to Cambridge, Norwich and Peterborough. The fast East Coast rail line runs twice hourly services from Peterborough to London in well under an hour. There are regular services to the East and West Midlands, and the North. Forty minutes to the north of Wisbech are the beautiful sandy beaches of North Norfolk coastline and the Sandringham estate. Easy access to lively urban centres combined with its proximity to areas of natural beauty, make Wisbech a highly desirable area to live.

## **History and development**

WGS was founded as a school for boys in 1379, making it one of the oldest Schools in the country. It was established by the Guild of the Holy Trinity, a group of scholars who were highly influential in developing the social and economic life of the town in the Middle Ages.

WGS has been a cornerstone of the town over many centuries and its presence was a vital factor in the granting of a Charter for Wisbech in 1549.

Since its establishment, change has been in the DNA of Wisbech Grammar. It has occupied a number of sites within the town over its evolution. In 1905 Wisbech High School was established to provide the same educational opportunities for girls as boys enjoyed at the Grammar School. The two Schools developed concurrently until they were merged in 1970, when the boys school moved across the river Nene to its current location today.

Over the years, many additional facilities have been established. In 1991, a major extension programme added 19 classrooms, four laboratories, two computer rooms, a sports hall, assembly hall/theatre and a new library. This was soon followed by the opening of a Design and Technology department and a new sports pavilion.

A £1m Arts Centre which included within it a suite of English classrooms, Music teaching, a drama studio (with black out function) was completed in 2003 and a new floodlit astroturf pitch was laid.

In 2010, a new hall was added to the Prep School and more classrooms were built. In 2013, a Sixth Form Centre was opened, followed in 2015 by a striking new, multi-functional refectory. In 2018, WGS launched its International strategy. This led to an even more busy building phase where the Bursar led a team to complete '7 projects in 7 months' and enabled the former sixth form centre to become the first international boarding house. The '7 in 7' projects enabled acceleration through the masterplan and has led to the functional zoning of all academic departments. There is now a Humanities Hub, a brand new 6th Form study centre, Performing Arts zone, Arts zone, Science and Maths Zone, all of which have a clearer identity.

With the move to welcoming international pupils, the school has evolved once again from a day school to a boarding School. January 2020 saw the opening of a second boarding house and there is now capacity for 28 pupils. The intention is to grow the international contingent to approximately 50 in the coming years.
